March 6–7, 2013

Orange County Convention Center Orlando, FL

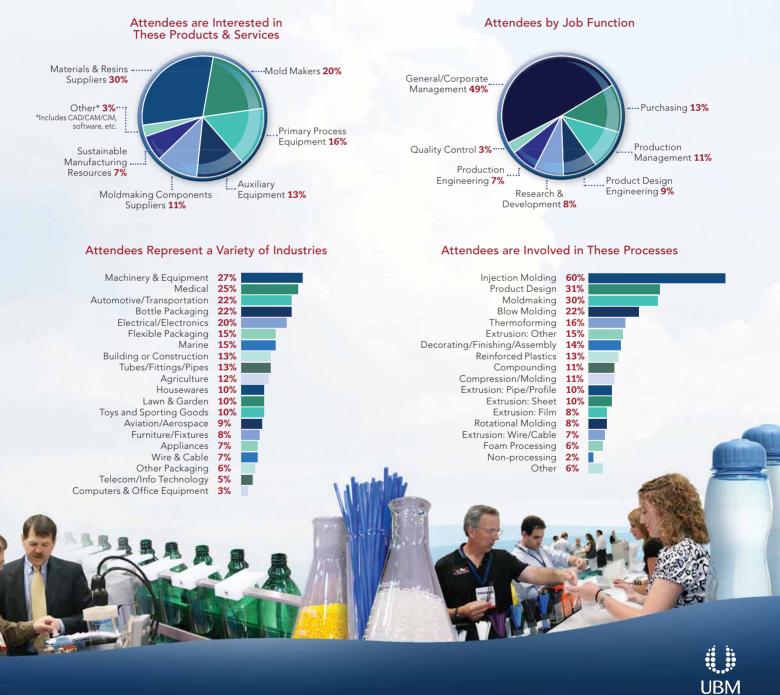

PLASTECSouth.com

Direct Access to the South's Plastics Market

R

Attendee Demographics

Face-to-face marketing offers the lowest cost-per-qualified-contact and provides access to top management decision makers and more senior titles than can otherwise be achieved. PLASTEC South delivers decision makers from your target markets who have immediate buying needs.

Canon

Your Face-to-Face Opportunity to **Connect with New Business Prospects**

PLASTEC South delivers decision makers from your target markets who have active projects and immediate buying needs. Attendees from key sectors—including medical, electronics, industrial equipment, aerospace, packaging, custom and captive molding, and automotive/transportation—will see the latest technology and product offerings from leading plastics industry suppliers.

In 2013, PLASTEC South returns to Orlando, Florida, the heart of the Florida's vibrant manufacturing marketplace. Florida is home to more than 17,500 manufacturing establishments employing over 400,000 people. This region annually produces \$253 billion in manufacturing output requiring the annual purchase of \$127 billion in materials and \$7.2 billion in capital equipment*.

Meet decision makers from your target market! Check out some of the companies that attend the show...
